## PROFILE

I am a professional Web Developer with a strong base in HTML5, CSS3, and JavaScript. I have expertise in building responsive and user-friendly Web applications. Currently, I am expanding my skills to the field of full-stack development, especially with modern frameworks like React and Angular. I aim at crafting high-quality solutions, informed with a keen eye for detail and a passion for coding that answers client needs. The continuous learning approach keeps me updated on the latest developments in terms of industry trends and best practice. Ready to accept new challenges, contribute to innovative projects.

## EXPERIENCE

- **Portfolio Website:** Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my projects and skills. Implemented responsive design to ensure compatibility across devices.
- **E-commerce Website:** Built a mock e-commerce website using React.js and Firebase for authentication and database management. Focused on user authentication, product listing, and shopping cart functionality.
